From the Elmwood Pediatric Group:

Announcement of Retirement of Dr. Marie Murphy

After practicing Pediatrics at Elmwood for 35 years, it is time for me to retire this fall.

Joining Elmwood brought me to the most personally and professionally rewarding career possible. It has been an honor and a privilege taking care of your children. Thank you.

I will miss seeing all of you in the office, especially my second generation families. What a thrill to follow you from infancy to parenthood.

My family ties are rooted in Rochester so I hope to see you out and about. Please say hello. If at first I don't recognize you, know that I will remember you and will always care about you and your children.

Being trained by Dr. Disney meant doing research, teaching, and taking care of patients. The Elmwood Pediatric Group remains a home for superior medical care. Your children are in good hands.

I hope to see most of you for your child's physical this spring and summer. At that time, we can discuss details about switching you to a new doctor here at Elmwood.

Thank you for allowing me to be your doctor.

Fondly,

Marie Lynd Murphy, M.D.
