

PATIENT LAB AND RADIOLOGY REFERRALS

Elmwood Pediatric Group strives to refer our patients to the best possible outside service providers in our community. Due to the complex and variable nature of health insurance plans, co-pays and/or deductibles could vary for your lab and imaging services because your insurance company may have a preferred lab or radiology/imaging in their network. Please **check with your insurance company** or let us know if there is a preferred lab or radiology/imaging provider you would like us to refer you to.

Lab Testing:

Elmwood Pediatric Group generally orders lab tests for our patients through URM Labs (Strong/Highland). Listed below are the name, mailing address, telephone number(s), and websites for labs in our area. Check out the labs websites for the patient service center locations.

Labs:	Website	Billing	Main Office
ACM Medical Laboratory	http://www.acmlab.com	585-247-3500	160 Elmgrove Park Rochester, NY 14624
