

## **PATIENT LAB AND RADIOLOGY REFERRALS**

Elmwood Pediatric Group strives to refer our patients to the best possible outside service providers in our community. Due to the complex and variable nature of health insurance plans, co-pays and/or deductibles could vary for your lab and imaging services because your insurance company may have a preferred lab or radiology/imaging in their network. Please **check with your insurance company** or let us know if there is a preferred lab or radiology/imaging provider you would like us to refer you to.

### **Lab Testing:**

Elmwood Pediatric Group generally orders lab tests for our patients through URM Labs (Strong/Highland). Listed below are the name, mailing address, telephone number(s), and websites for labs in our area. Check out the labs websites for the patient service center locations.
